Attachments: AWWG Call 5-30 -19 Summary.docx; AWWG Call 6-13-19 Summary RC_KH.docx

here are the topics for option selection 1 and option selection 2.

a.Meeting 1: compliance with (b)(1) guidelines; enforcement and compliance issues; S/T permits and rights of appeal and citizen suit standing; no less stringent than; self-issuance of permits; partial assumption options hand-out of "other issues as FYI.

b.Meeting 2: ESA; Retained waters identification; process for determining and approving retained waters; other retained waters issues; mitigation; consistency with TAS; other tribal provision updates; clean up language around notification requirements and allow for/clarify requirements for web-based hearings

c. Unsure if will brief or not and just include in technical updates/preamble: compliance with NHPA, ESA, NEPA - language setting expectations; clarity surrounding timing issues - (a) administration and state/tribal goal is streamlining permitting, have statutory requirements; assumption, when is 120-day clock started? Etc....

Hi Kathy and Ruth,

Do you have a list of the topics for the rulemaking categorized by Option Selection? I'm starting to pull together info to meet with Andrew and I think that would be helpful to have that to share with him.

Thanks & hope you're having a great day!

-Nizanna

Hi Ruth and Kathy,

I checked in with my Branch Chief today about how to best update our managers (acting DD, and OD) about this effort. Would it be possible for someone from OWOW to provide a very high level briefing about the rulemaking? We just want to make sure that they can hear directly about the overall plan and can have the opportunity to get accurate feedback on any questions about the process.

Thanks!
Nizanna

Subject: Template for options selection

Hello everyone,

As promised here is a template for the options selection papers. We are asking that you take your issue paper and create an options paper that is no longer than 2 pages (1 page double sided). If you absolutely need more, please contact Ruth and myself. The potential exceptions to this are Tribal, partial assumption and maybe enforcement and compliance (but several of these may be technical updates so maybe it can be 2 pages?) Mindy has approved this template so we should be good to go.

We at HQ will use these papers for two things. One we will create the actual briefing paper/materials from these papers. Secondly, these will be attachments to the briefing paper for you and your management as background on the issues presented in the briefing paper. The briefing paper will list all options probably in a table format (Issue, reg citation, options, recommendation with rationale).

This is also located on sharepoint, in the Internal communications folder, Options Selection subfolder.

Thank you to those who shared briefing materials.

Thanks, Kathy
